**CUT-THROAT  
COLLECTION**

Han Kjöbenhavn –Sales portfolio By Mathias Juel

## MOODBOARD

The cut-throat collection is based on the brand "han Kjöbenhavn". My inspiration for the collection is fashion that literally kills. In the time from early 1700's to now, some: trim, fabric and style choices have been the bane to execution for many people. From crinoline skirts catching fire and murdering an entire congregation to collars so stiff men choked on them after a night out. The garments themselves or through external forces have literally been drop-dead gorgeous.

Welcome to the Cut-throat collection
